

S🎃BE NEWSLETTER

Thank you for joining us at our barbeque! It was great seeing familiar and new faces. If you missed it, consider joining us for our future events.

Upcoming Events:

🎃 Bainer Lab Tours

10/24 (12:15 to 1:30 pm)

Meet in front of Bainer Hall, near steps

Interested in what our major has to offer? Learn about research in the BAE department through five lab tours. More information on the RVSP form.

RVSP using the QR code or [link](#).

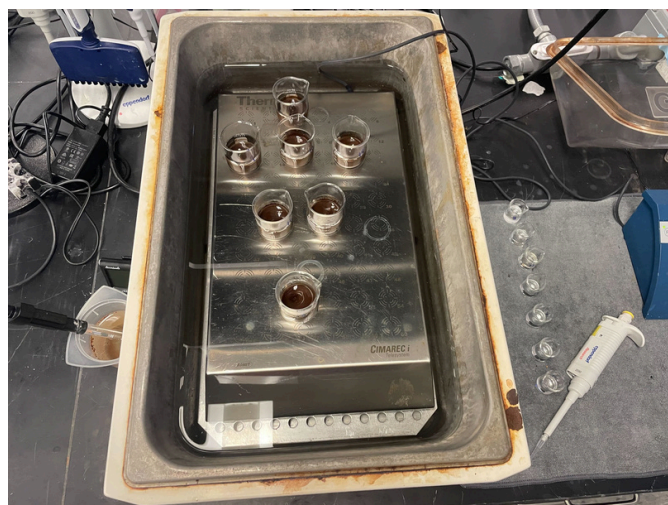

🎃 Study Night

10/28 (7:00 to 8:00 pm) in Bainer 2030

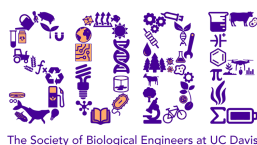

Meet other students in BAE during our study night. Free food included. See you there!

Lab Spotlight: The Bell Lab!

The Bell Lab is optimizing a protein extraction process from fermented almond hulls based on yield and functionality.

Ongoing acid hydrolysis of spray-dried lentil fractions for lipid content determination.
